OPERATIONS EXPERIENCE

Managing of general operations of a medium sized architectural practice. Day-to-day tasks include the strategic planning of income revenue, overheads and staffing budgets; liaising with

the accountant/financial controller in respect of cash flow/P&L; and negotiating office lease and office infrastructure contracts.

More specialist tasks include reviewing and negotiating appointments with clients; setting and monitoring Human Resources and remuneration policies; reviewing staff performance; and formulating future business plans. Other tasks include liaising with external consultants such as the research and development tax consultant, professional indemnity insurers and public relations. Time is also spent chairing the products development department of the practice.

EXPERT ARCHITECT EXPERIENCE

Involved in the investigation of more than 100 architectural and construction forensic matters and disputes relating to most building types, including residential buildings, hospitals and care homes, swimming pools, shopping centres, offices, hotels, industrial buildings and museums.

Appointed to act as Architect Expert Adviser and Expert Witness on domestic and commercial construction disputes primarily in the UK, with some cases in Belgium, Portugal, Ireland, Dubai and the Caribbean. Familiar with litigation, adjudication, arbitration and mediation proceedings.

Experience in liaising with Instructing Solicitors and Counsel; attending Expert meetings, Pre-Action Protocol meetings, mediations and adjudication hearings; and preparing Scott Schedules, Joint Statements and reports for exchange.

Client organisations have included home owners, property developers, insurers, loss adjusters, solicitors, architects and contractors.
